## Models 41065 & 41066

Solid brass ballpoint pen features a dual twist action mechanism, medium point black refill and a rigid spring steel clip. Solid brass rollerball pen features cap-off action, high quality German black refill and a rigid spring steel clip. The barrel resembles marble in appearance and the cap is finished in gloss black over high polish nickel silver. A laser engrave imprint will result in a high polish silver to match the pen findings.
